

## "Peter the Pilot"

Pencil Grip Book

Hello, I am Peter the Pilot.

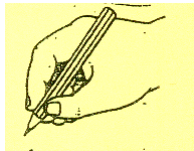

I am the pilot of many pencils.

Let me show you how.

Pg2

I sit on top of the pencil.  
This is so I can control the pencil.  
It is also so I can see exactly where the pencil is moving.

This is how I look.

Pg3

I do not control the pencil alone.

Let me introduce my co-pilot, Polly thumb.  
Polly pinches the pencil to help control all movements.  
We work as a good team.

Pg4

We also need hosts & hostesses to help support everything.  
We get lots of support below from our middle finger, Max.

He is strong and needs to support underneath the pencil.

Pg5

The rest of the fingers are our passengers.  
They sit behind, all curled up and comfortable.

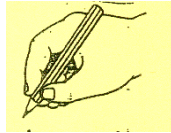

We must have passengers to make a successful flight.

Pg6

The next time you pick up a pencil, remember your

**Peter the Pilot**  
**Polly Thumb**  
**Max support**  
**And the passengers behind.**

Pg7

Practise your own Peter Pilot, Polly, Max & the passengers.

Remember where we sit so you have the best control of your pencil.

*Have many safe and happy journeys!*
